01/31/19

To whom it may concern:

The Regulation, Evaluation, Authorization and Restriction of Chemicals (REACH) is a European Union regulation whose intent is to improve the protection of human health and the environment from chemical risks.

The European Chemical Agency (ECHA) publishes a Candidate List of Substances of Very High Concern. The Candidate List can be viewed at the following website: <http://echa.europa.eu/web/guest/candidate-list-table>

Based on the representations of our vendors, Suffern Plating Corp. can certify upon written request in advance of processing that it **does not use** any of the 197 REACH Substances of Very High Concern above the 0.1% by weight threshold.

Based on the representations of our vendors, Suffern Plating Corp. can certify upon written request in advance of processing that it **does not use** six hazardous materials (Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated biphenyls and Polybrominated diphenyl ether) in the plating process and is RoHS3 compliant.

Please feel free to contact us directly if any further clarification is required.

Sincerely,

SUFFERN PLATING CORP.
